Welcome to Kaytee.

Since 1866, Kaytee has made the health and well being of birds and small animals its primary commitment.

Pet parents are dedicated to giving their animals the best life has to offer. With over 150 years of commitment to small animals and pet birds, we remain passionate and committed to offering innovative products that enrich the pet ownership experience. Our nutritional platforms address the unique dietary needs of each animal by offering species specific formulas.

Product safety is built into every aspect of Kaytee. High quality food ingredients and state-of-the-art processing means quality assurance is built into every product. Designing products for health, security and the comfort of each pet is our top priority. From food to bedding, hay to habitats, Kaytee has it all. We are the “one stop shop” convenience for pet parents everywhere.

We conducted an independent survey amongst licensed and practicing veterinarians in the USA, and we are proud to announce that Kaytee is now a Veterinarian Recommended Brand.

Kaytee® Food from the Wild™ is a complete daily diet inspired by ancestral feeding habits. Each species-specific mix contains a medley of pelleted pieces, fruits, vegetables, flowers, and timothy hay to encourage healthy foraging activity. Pelleted pieces offer comprehensive nutrition and contain natural probiotics to support digestive health.

- No Added Sugar
- No Fillers
- No Artificial Preservatives
- Species specific foraging medley

Small animals are instinctual gatherers so providing a diet that supports those natural foraging instincts promotes all-around health and wellness. In human food, best nutrition is often considered that which is closest to nature. Food from the Wild™ blend is a species-specific daily diet with a medley of premium pelleted pieces and foraging ingredients to promote physical and mental well-being in small animals.
Understanding Ancestral Feeding

Rabbits, Guinea Pigs, Chinchillas and Hamsters all originated in different areas of the world making their ancestral feeding habits unique. Foraging is one core feeding instinct each species has in common and is essential to their overall well-being. When small animals are kept as pets, they no longer need to search for sustenance. While this does provide a sense of safety and consistency for the pet, the pet no longer spends time foraging. This makes it even more important to provide plenty of mental and physical stimulation through food ingredient variety and toys. Small animal foods, like Kaytee® Food from the Wild™, support mental and physical stimulation as the small pets engage with the diverse range of ingredients offered in medley.

Rabbit
✓ Diet consists of wild grass, hay, flowers and vegetables

Guinea Pig
✓ Diet consists of wild grass, hay, flowers, leaves, fruits and vegetables
✓ High intake of Vitamin C
✓ Graze constantly

Chinchilla
✓ Diet consists of shrubs, bark, grasses, flowers, herbs, seeds, roots and fruits
✓ Graze constantly

Hamster
✓ Diet consists of seeds, grains, nuts, fruits and vegetables
Premium Fiber Food

Kaytee® Timothy Complete™ and Timothy Complete™ Plus are pelleted daily foods made with nutritious sun-cured timothy hay combined with other essential ingredients necessary for small animals.

- Supports digestive health
- Supports dental health by promoting chewing activity
- Made with high fiber timothy hay

Timothy Complete™

- Timothy hay based diet that is high in fiber to support the natural digestive process
- Lower in protein and calcium than alfalfa-based diets
- Guinea pig formula contains long-lasting stabilized Vitamin C
- Complete pelleted formula to prevent selective feeding

Timothy Complete™ Plus

- Premium timothy hay based nutrition plus fruits and vegetables or flowers and herbs for added enrichment.

Rabbits, guinea pigs and other small animals have teeth that continuously grow throughout their lives. It is important to provide them with daily access to food, hay and chews to help mechanically wear down teeth. Doing so may reduce health concerns with overgrown teeth.

Timothy, alfalfa, and orchard grasses are a great natural source of fiber that complements any Kaytee® fortified food.

High quality and hand selected, all Kaytee® hay is carefully harvested and thoroughly inspected. To ensure high quality, Kaytee® hay comes from an ideal ecological location with fertile farmland, optimal temperature, and long hours of sun. Once Kaytee® hay is harvested, it is stored in a protected environment to control moisture instead of drying in the field. The proper moisture, ideal growing conditions, and rigorous quality checks ensure a supreme grade hay.

Kay-Kob® litters are specially processed to eliminate dust and wood debris, which may be found in other brands.

- Made from natural, dried corncobs
- Will not stick or cling

Kay-Kob® bedding & litter cobs are stored inside, away from dirt and wet weather contamination. Kay-Kob® bedding is also whiter than other cob bedding products due to exclusive use of seed corn cobs rather than field corn.

# My First Home® Habitats

**My First Home®**

My First Home® habitats are easy to assemble, comfortable and quality-built to ensure pets are safe and secure. These popular homes feature an assortment of deep plastic bases, which prevent bedding from scattering, and a wire top for easy viewing and superb ventilation.

- Deeper base prevents bedding and litter from spilling out of the cage
- Deluxe models also feature solid plastic shelves and ramps, which are safe and comfortable for pets and easy to clean
- Available in unassembled bulk packs or full-color packaging options

Did you know?

Ferrets sleep a lot, usually about 18 hours a day. They are typically active at dawn and at dusk but most ferrets will adapt their sleeping and active times to fit their owner’s schedule. Using one of the wide variety of Kaytee® sleepers will keep ferrets comfortable and cozy while they are getting their long rest.
**Run-About Balls**

Exercise is an important part of a healthy lifestyle for small animals. Kaytee offers a complete line of Run-About Balls to provide an exercise source for your small animal.

- **Run-About Balls allow pets to move with greater ease**
- **Made from durable plastic with ventilated slits to keep your furry friend safe**

**CLEAR:** The clear version of the Kaytee® Run-About Ball provides the most interactive fun for both pet and the pet owner.

**MOON GLOW:** Since hamsters are nocturnal (active at night), these glow-in-the-dark exercise balls give the perfect opportunity to watch small animals motoring around the room in a glowing sphere of motion. For an extreme glowing experience, shine a flashlight on the Moon Glow Run-About Ball for several minutes before exercise time.

**LED:** Illuminated exercise! The LED Lighted Run-About Ball provides a soft glow perfect for viewing your pet during their most active time. In addition to providing a gentle light glow during exercise, the LED light has a 10 minute timer that can be used to remind you when your pet has had just enough exercise time. Available in purple, green, blue and pink.

**RAINBOW:** Rainbow Run-About Balls are a great short-term area to keep your small pet while cleaning their cage. For added safety, use the Run-About Ball on the Hamtrac® Raceway to provide a controlled exercise environment. Available in blue, pink, purple and green.

**DAZZLE:** The sparkling exercise ball for hamsters and gerbils. Available in blue, pink, purple and yellow with real glitter molded into the ball. Sparkling glitter is safe and non-toxic!

Snap-fit design assembles in seconds with no screws or glue. The 11.5” and 13” size Run-About Balls are changing to unassembled and nested. Improves merchandising and adds more shelf holding capacity, saving 50% shelf space!

**Exercise is an important part of a healthy lifestyle for small animals.** Kaytee offers a complete line of Run-About Balls to provide an exercise source for your small animal.

- **Run-About Balls allow pets to move with greater ease**
- **Made from durable plastic with ventilated slits to keep your furry friend safe**

**CLEAR:** The clear version of the Kaytee® Run-About Ball provides the most interactive fun for both pet and the pet owner.

**MOON GLOW:** Since hamsters are nocturnal (active at night), these glow-in-the-dark exercise balls give the perfect opportunity to watch small animals motoring around the room in a glowing sphere of motion. For an extreme glowing experience, shine a flashlight on the Moon Glow Run-About Ball for several minutes before exercise time.

**LED:** Illuminated exercise! The LED Lighted Run-About Ball provides a soft glow perfect for viewing your pet during their most active time. In addition to providing a gentle light glow during exercise, the LED light has a 10 minute timer that can be used to remind you when your pet has had just enough exercise time. Available in purple, green, blue and pink.

**RAINBOW:** Rainbow Run-About Balls are a great short-term area to keep your small pet while cleaning their cage. For added safety, use the Run-About Ball on the Hamtrac® Raceway to provide a controlled exercise environment. Available in blue, pink, purple and green.

**DAZZLE:** The sparkling exercise ball for hamsters and gerbils. Available in blue, pink, purple and yellow with real glitter molded into the ball. Sparkling glitter is safe and non-toxic!

Snap-fit design assembles in seconds with no screws or glue. The 11.5” and 13” size Run-About Balls are changing to unassembled and nested. Improves merchandising and adds more shelf holding capacity, saving 50% shelf space!

Exercise Wheels

Kaytee® small animal wheels offer free-wheeling fun for furry friends. Available in an assortment of fun colors, special sizes and a variety of formats to meet every small pet’s need for exercise.

Comfort Wheels

• Kaytee® Comfort Wheels offer solid surface to provide a 100% safe exercise for little critters
• Plastic wheels feature a smooth tread that allows for a surefooted grip while creating a comfortable running surface
• Option to remove from the wire stand and attach directly to the side of most wire habitats
• Available in assorted colors

Did you know?

Thumping is an interesting gerbil behavior. The gerbil will pound both hind legs on the ground when he is excited or stressed. Using one of our Kaytee® exercise wheels will entertain your gerbil, which can reduce stress.
## Run-Around Wheels

- These durable, powder coated all-wire wheels feature our very unique “Tail-Safe” and “EZ” Exit Design
- Convenient built-in hooks for attachment to any wire home
- Run-Around Wheels are available in an assorted variety of fun colors and four sizes to fit most small animals

Did you know?

To stay clean, chinchillas need to take dust baths. The fur on a chinchilla is extremely dense, making it difficult to dry out. Kaytee® Chinchilla Bath Sand helps them dry their fur and remove excess oils and dirt.
